1994 ANNUAL INDEX

INDEX BY SUBJECT

Abuse, see Battered women
Acquired immunodeficiency syndrome (AIDS), see Human immunodeficiency virus
Adolescence
Adolescents and STDs: Counseling young patients on hepatitis B prevention. Oct 15–24
Depot medroxyprogesterone acetate: Clinical experience in the United States. Oct 91–102
Hepatitis B. Oct 53–54
Human papillomavirus and the abnormal papanicolaou smear in adolescents. Dec 48–60
You've come a long way, baby? May 52
Aging
Colorectal cancer screening in women for the primary care practitioner. May 21–36, 61–62
Communicating with your menopausal patients. Jun 59–73
Critical pathways to prevent patient falls. Jun 94–99
Depression in the female patient. Sep 59–71
Early screening for osteoporosis: Clinical and financial implications. Jan 46–64
The effect of life-cycle and exogenous hormones on the female lipid profile. Apr 31–40
Hormone-replacement therapy: Risks and benefits. Sep 93–104
It's never too late or too early for calcium. Apr 64
Perioperative approach to the elderly gynecologic patient. Apr 86–94
Sexuality in the aging woman. Mar 63–70
Alcohol abuse
Alcohol abuse during pregnancy: Identification and management. Oct 27–49
The health of women of color: A call to awareness and action from the Surgeon General. Sep 55–56, 90
Arthritis
A less toxic RA treatment in the future? Mar 85
Autoimmune disorders
A less toxic RA treatment in the future? Mar 85
Recurrent pregnancy loss. Aug 26–32
Battered women
The battered woman: Identification and intervention. Feb 29–33
Domestic violence: A national health emergency. Sep 10–13
The health of women of color: A call to awareness and action from the Surgeon General. Sep 55–56, 90
Violence Against Women. Dec 73–80
Birth, see Pregnancy
Breast disorders
Antioxidants and cancer prevention: Room for skepticism? Jul 44–48
Can a pill prevent cancer? Jul 43
Genetic fortune telling? Feb 37
Reaping the harvest of other fields. Apr 10–13
Shaken faith. May 16
Breast-feeding
Improving skills to support breast-feeding. Sep 35–48
Cancer, see also individual sites
Body rhythms. Aug 48–51
CA-125 testing: Boon or bust? Mar 44
Can a pill prevent cancer? Jul 43
Colorectal cancer screening in women for the primary care practitioner. May 21–36, 61–62
Genetic fortune telling? Feb 37
Hard to conceive. Aug 17
Hormone-replacement therapy: Risks and benefits. Sep 93–104
Large-loop excision of the transformation zone: An alternative approach in the management of cervical intraepithelial neoplasia. Mar 45–51
Management of ovarian tumors of low malignant potential. Jun 45–58
The next big thing. Jun 32
The pathology connection: Talk to your "silent partner." Nov 17–24
Perioperative approach to the elderly gynecologic patient. Apr 86–94
Prolactin disorders: Hyperprolactinemia and pituitary adenomas. Jan 14–16, 66–73
Prophylactic surgery for ovarian cancer: What role does it play for women at increased risk? Oct 65–79
Reaping the harvest of other fields. Apr 10–13
Reducing the error rate in Papanicolaou smears: One laboratory's experience with the PAPNET system. Jun 34–40
Shaken faith. May 16
Skin cancer screening in women. May 87–93
Surgical staging in early ovarian carcinoma. Oct 57–61, 79–80
Cervical disorders
Large-loop excision of the transformation zone: An alternative approach in the management of cervical intraepithelial neoplasia. Mar 45–51
Reducing the error rate in Papanicolaou smears: One laboratory's experience with the PAPNET system. Jun 34–40
Cesarean section
The riddle of prematurity. Apr 67–77
Chlamydia, see Sexually transmitted diseases
Cholesterol
The effect of life-cycle and exogenous hormones on the female lipid profile. Apr 31–40
Cigarette smoking
The riddle of prematurity. Apr 67–77
You've come a long way, baby? May 52
Condoms
Adolescents and STDs: Counseling young patients on hepatitis B prevention. Oct 15–24
Hepatitis B. Oct 53–54
Continuing Medical Education (CME)
Colorectal cancer screening in women for the primary care practitioner. May 21–36, 61–62
Depression in the female patient. Sep 59–71
Improving endometrial ablation therapy. Jun 89, 92, 100–104
Laparoscopic treatment of tubal pregnancy. Apr 78–85, 101–102
Laparoscopically assisted vaginal hysterectomy: A cost-effective approach. Feb 33–34, 46–58
Premenstrual syndrome: Update on diagnosis and management. Mar 53–60, 91–92
Prolactin disorders: Hyperprolactinemia and pituitary adenomas. Jan 14–16, 66–73
Surgical staging in early ovarian carcinoma. Oct 57–61, 79–80
Urinary tract infections during pregnancy. Nov 27–35, 57
Urinary tract infections in women. Jul 19–26, 48–50
Vulvovaginitis: A concise guide to office diagnosis and treatment. Aug 13–16, 52–57
Contraception, see also individual methods
Depo-Provera®. Nov 101–102
Depot medroxyprogesterone acetate: Clinical experience in the United States. Oct 91–102
DMPA: A practical guide. Nov 75–81
The effect of life-cycle and exogenous hormones on the female lipid profile. Apr 31–40
The health of women of color: A call to awareness and action from the Surgeon General. Sep 55–56, 90
When what goes in doesn't come out easily. Sep 72
Contraceptive implant
When what goes in doesn't come out easily. Sep 72
Contraceptive injection
Depo-Provera®. Nov 101–102
Depot medroxyprogesterone acetate: Clinical experience in the United States. Oct 91–102
DMPA: A practical guide. Nov 75–81
Depression
The battered woman: Identification and intervention. Feb 29–33
Cardiac effects of antidepressant drugs in women. Jun 17–24
Depression. Sep 73–74
Depression in the female patient. Sep 59–71
Drug lite. Jun 32
Premenstrual syndrome: Update on diagnosis and management. Mar 53–60, 91–92
Diet
The effect of life-cycle and exogenous hormones on the female lipid profile. Apr

1994 ANNUAL INDEX

31–40
It's never too late or too early for calcium. Apr 64
Drug abuse
The health of women of color: A call to awareness and action from the Surgeon General. Sep 55–56, 90
The riddle of prematurity. Apr 67–77
Ectopic pregnancy
Laparoscopic treatment of tubal pregnancy. Apr 78–85, 101–102
Endocrine disorders
Don't ignore the thyroid. Sep 72
Pseudotumor cerebri: A review. Jul 65–74
Recurrent pregnancy loss. Aug 26–32
Thyroid diseases in the female patient. Oct 81–89
Thyroid hormone therapy in women. Jul 27–42
Endometriosis
Endometriosis. Apr 99–100
Endometriosis: Diagnosis of infiltrating lesions. Nov 43–56
Endometriosis: Subtle lesions. Apr 48–54
Estrogen, see Hormones and hormone therapy
Fallopian tubes
Laparoscopic treatment of tubal pregnancy. Apr 78–85, 101–102
Fatigue
Don't ignore the thyroid. Sep 72
Gallbladder disorders
Hit or MIS? Oct 103
Gastrointestinal disorders
Body rhythms. Aug 48–51
Colorectal cancer screening in women for the primary care practitioner. May 21–36, 61–62
Genetics
Colorectal cancer screening in women for the primary care practitioner. May 21–36, 61–62
Genetic fortune telling? Feb 37
Is it a boy or a girl? Sep 51
Prenatal assessment. Nov 59–73
Recurrent pregnancy loss. Aug 26–32
The two Jennys: Finding our way in the age of prenatal testing. Nov 11–15
What the ob/gyn should know about DNA testing. May 39–47
Gonorrhea, see also Sexually transmitted diseases
Antibiotic recommended for gonorrhea. Jun 26
Headache
Pseudotumor cerebri: A review. Jul 65–74
Heart disease
Cardiac effects of antidepressant drugs in women. Jun 17–24
Communicating with your menopausal patients. Jun 59–73
The effect of life-cycle and exogenous hormones on the female lipid profile. Apr 31–40
Hormone-replacement therapy: Risks and benefits. Sep 93–104
Hepatitis
Adolescents and STDs: Counseling young patients on hepatitis B prevention. Oct 15–24
Hepatitis B. Oct 53–54
Hormones and hormone therapy
Communicating with your menopausal patients. Jun 59–73
The effect of life-cycle and exogenous hormones on the female lipid profile. Apr 31–40
Estrogens: Conjugated and esterified therapeutic substitution. Dec 14–20
GnRH agonists in ovulation induction. Jul 13–16
Hormone-replacement therapy: Risks and benefits. Sep 93–104
Prolactin disorders: Hyperprolactinemia and pituitary adenomas. Jan 14–16, 66–73
Thyroid diseases in the female patient. Oct 81–89
Thyroid hormone therapy in women. Jul 27–42
Human immunodeficiency virus (HIV)
AIDS in women: Mentioning the unmentionable. Nov 38–41
The health of women of color: A call to awareness and action from the Surgeon General. Sep 55–56, 90
Hypertension
Chronic hypertension in pregnancy. Dec 27–42
Pseudotumor cerebri: A review. Jul 65–74
Hysterectomy
Laparoscopically assisted vaginal hysterectomy: A cost-effective approach. Feb 33–34, 46–58
Prevention, diagnosis, and management of ureteral injuries. May 73–84
Infection
The Andromeda strain? May 14
Body knows best. Aug 17
Infertility
GnRH agonists in ovulation induction. Jul 13–16
Hard to conceive. Aug 17
Just say "stop"? Feb 37
Laparoscopic treatment of tubal pregnancy. Apr 78–85, 101–102
The ultrasonographically enhanced bimanual examination. Feb 60–67
Unconsumated marriages: A neglected aspect of sexual dysfunction. May 55–60
Labor, see Pregnancy
Laboratories, medical
Reducing the error rate in Papanicolaou smears: One laboratory's experience with the PAPNET system. Jun 34–40
The pathology connection: Talk to your "silent partner." Nov 17–24
Laparoscopy
Avoiding and recognizing blood vessel injuries during laparoscopy. Aug 33–41
Endometriosis: Diagnosis of infiltrating lesions. Nov 43–56
Endometriosis: Subtle lesions. Apr 48–54
Hit or MIS? Oct 103
Laparoscopic treatment of tubal pregnancy. Apr 78–85, 101–102
Laparoscopically assisted vaginal hysterectomy: A cost-effective approach. Feb 33–34, 46–58
Medicolegal consideration of operative endoscopy. Jul 55–62
Laser
Improving endometrial ablation therapy. Jun 89, 92, 100–104
Liver disorders
Adolescents and STDs: Counseling young patients on hepatitis B prevention. Oct 15–24
Hepatitis B. Oct 53–54
Malpractice
Medicolegal consideration of operative endoscopy. Jul 55–62
Patient-physician sexual involvement. Jan 21–25
Medical devices
Technology resource guide. Oct 123–130
Medical insurance
Clinton's fable. Oct 10–13
Health care reform: My Washington agenda. Jul 10, 76
The health of women of color: A call to awareness and action from the Surgeon General. Sep 55–56, 90
Say it isn't so, sir. Jun 13, 93
Menopause
Colorectal cancer screening in women for the primary care practitioner. May 21–36, 61–62
Communicating with your menopausal patients. Jun 59–73
Critical pathways to prevent patient falls. Jun 94–99
Depression in the female patient. Sep 59–71
Early screening for osteoporosis: Clinical and financial implications. Jan 46–64
The effect of life-cycle and exogenous hormones on the female lipid profile. Apr 31–40
Hormone-replacement therapy: Risks and benefits. Sep 93–104
It's never too late or too early for calcium. Apr 64
Perioperative approach to the elderly gynecologic patient. Apr 86–94
Prophylactic surgery for ovarian cancer: What role does it play for women at increased risk? Oct 65–79
Sexuality in the aging woman. Mar 63–70
Surgical staging in early ovarian carcinoma. Oct 57–61, 79–80
The ultrasonographically enhanced bimanual examination. Feb 60–67
Menstrual disorders
Depression in the female patient. Sep 59–71
Endometriosis. Apr 99–100

1994 ANNUAL INDEX

Endometriosis: Diagnosis of infiltrating lesions. Nov 43–56
Endometriosis: Subtle lesions. Apr 48–54
Improving endometrial ablation therapy. Jun 89, 92, 100–104
Premenstrual syndrome. Sep 134
Premenstrual syndrome: New controversy, new horizons. Mar 10, 92
Premenstrual syndrome: Update on diagnosis and management. Mar 53–60, 91–92
Prolactin disorders: Hyperprolactinemia and pituitary adenomas. Jan 14–16, 66–73
Neurologic disorders
Not-so-simple injuries. Sep 52
Obesity
Pseudotumor cerebri: A review. Jul 65–74
Obstetrics and gynecology
Body knows best. Aug 17
The health of women of color: A call to awareness and action from the Surgeon General. Sep 55–56, 90
Patient-physician sexual involvement. Jan 21–25
Reaping the harvest of other fields. Apr 10–13
Rx for the well-rounded physician. Feb 10, 68
Say it isn't so, sir. Jun 13, 93
Why we practice: A refresher course. Aug 10–13
Oral contraceptives
The effect of life-cycle and exogenous hormones on the female lipid profile. Apr 31–40
Osteoporosis
Communicating with your menopausal patients. Jun 59–73
Critical pathways to prevent patient falls. Jun 94–99
Drug lite. Jun 32
Early screening for osteoporosis: Clinical and financial implications. Jan 46–64
Hormone-replacement therapy: Risks and benefits. Sep 93–104
It's never too late or too early for calcium. Apr 64
Ovarian disorders
CA-125 testing: Boon or bust? Mar 44
Hard to conceive. Aug 17
Management of ovarian tumors of low malignant potential. Jun 45–58
Prophylactic surgery for ovarian cancer: What role does it play for women at increased risk? Oct 65–79
Reaping the harvest of other fields. Apr 10–13
Surgical staging in early ovarian carcinoma. Oct 57–61, 79–80
Use of serum CA-125 for monitoring and prognosticating outcome in patients with epithelial ovarian cancer. Mar 13–28
Pain
Not-so-simple injuries. Sep 52
Vulvodynia: Not all in their heads. Jan 26–28
Papanicolaou smear
Human papillomavirus and the abnormal Papanicolaou smear in adolescents. Dec 48–60
Reducing the error rate in Papanicolaou smears: One laboratory's experience with the PAPNET system. Jun 34–40
Patient education, see also Patient Guides
Adolescents and STDs: Counseling young patients on hepatitis B prevention. Oct 15–24
Alcohol abuse during pregnancy: Identification and management. Oct 27–49
Breast self-exam promotion. Mar 75
Communicating with your menopausal patients. Jun 59–73
Depo-Provera®. Nov 101–102
Depression. Sep 73–74
Education resource guide. Aug 59–68
Endometriosis. Apr 99–100
The health of women of color: A call to awareness and action from the Surgeon General. Sep 55–56, 90
Hepatitis B. Oct 53–54
Improving skills to support breast-feeding. Sep 35–48
It's never too late or too early for calcium. Apr 64
Patient-physician sexual involvement. Jan 21–25
Sexuality in the aging woman. Mar 63–70
Unconsumated marriages: A neglected aspect of sexual dysfunction. May 55–60
Patient Guides
Depo-Provera®. Nov 101–102
Depression. Sep 73–74
Endometriosis. Apr 99–100
Hepatitis B. Oct 53–54
Pharmacotherapy
The Andromeda strain? May 14
Drug lite. Jun 32
Dying from "safe" drugs. Jul 43
Pregnancy
Alcohol abuse during pregnancy: Identification and management. Oct 27–49
Chronic hypertension in pregnancy. Dec 27–42
Depression in the female patient. Sep 59–71
Does physician pregnancy affect the management of miscarriage patients? Jun 83–88
The effect of life-cycle and exogenous hormones on the female lipid profile. Apr 31–40
Fetal vibroacoustic stimulation. May 63–71
The health of women of color: A call to awareness and action from the Surgeon General. Sep 55–56, 90
Is it a boy or a girl? Sep 51
New look at early pregnancy loss. Nov 110
Preinduction cervical ripening. Apr 15–26
Prenatal assessment. Nov 59–73
Prenatal tests: Too much of a good thing? Sep 52
Preterm premature rupture of membranes: The enigma remains. Feb 13–24
Raising hopes—and questions. Oct 103
Recurrent pregnancy loss. Aug 26–32
The riddle of prematurity. Apr 67–77
The two Jennys: Finding our way in the age of prenatal testing. Nov 11–15
The ultrasonographically enhanced bimanual examination. Feb 60–67
Update on fetal assessment. Sep 75–88
Urinary tract infections during pregnancy. Nov 27–35, 57
What does motherhood really do to women? May 14
What the ob/gyn should know about DNA testing. May 39–47
Premenstrual syndrome, see Menstrual disorders
Prenatal screening
Alcohol abuse during pregnancy: Identification and management. Oct 27–49
Fetal vibroacoustic stimulation. May 63–71
The health of women of color: A call to awareness and action from the Surgeon General. Sep 55–56, 90
New look at early pregnancy loss. Nov 110
Prenatal assessment. Nov 59–73
Prenatal tests: Too much of a good thing? Sep 52
Preterm premature rupture of membranes: The enigma remains. Feb 13–24
Recurrent pregnancy loss. Aug 26–32
The riddle of prematurity. Apr 67–77
The two Jennys: Finding our way in the age of prenatal testing. Nov 11–15
Update on fetal assessment. Sep 75–88
Urinary tract infections during pregnancy. Nov 27–35, 57
What the ob/gyn should know about DNA testing. May 39–47
Psychiatric disorders, see also individual disorders
The battered woman: Identification and intervention. Feb 29–33
Cardiac effects of antidepressant drugs in women. Jun 17–24
Depression. Sep 73–74
Depression in the female patient. Sep 59–71
Premenstrual syndrome: New controversy, new horizons. Mar 10, 92
Premenstrual syndrome: Update on diagnosis and management. Mar 53–60, 91–92
Unconsumated marriages: A neglected aspect of sexual dysfunction. May 55–60
Rape, see Sexual abuse
Sexual abuse
The battered woman: Identification and intervention. Feb 29–33
The health of women of color: A call to awareness and action from the Surgeon General. Sep 55–56, 90
Patient-physician sexual involvement. Jan 21–25
Sexual bias
The health of women of color: A call to awareness and action from the Surgeon

1994 ANNUAL INDEX

General. Sep 55–56, 90
Sexuality
AIDS in women: Mentioning the unmentionable. Nov 38–41
Communicating with your menopausal patients. Jun 59–73
Is it a boy or a girl? Sep 51
Sexual dysfunction revisited. May 10–13
Sexuality in the aging woman. Mar 63–70
Unconsumated marriages: A neglected aspect of sexual dysfunction. May 55–60
Sexually transmitted diseases (STDs), see also disease names
Adolescents and STDs: Counseling young patients on hepatitis B prevention. Oct 15–24
AIDS in women: Mentioning the unmentionable. Nov 38–41
The health of women of color: A call to awareness and action from the Surgeon General. Sep 55–56, 90
Hepatitis B. Oct 53–54
Skin disorders
Skin cancer screening in women. May 87–93
Stress
Don't ignore the thyroid. Sep 72
Surgery
Avoiding and recognizing blood vessel injuries during laparoscopy. Aug 33–41
Endometriosis: Diagnosis of infiltrating lesions. Nov 43–56
Endometriosis: Subtle lesions. Apr 48–54
Improving endometrial ablation therapy. Jun 89, 92, 100–104
Laparoscopic treatment of tubal pregnancy. Apr 78–85, 101–102
Laparoscopically assisted vaginal hysterectomy: A cost-effective approach. Feb 33–34, 46–58
Large-loop excision of the transformation zone: An alternative approach in the management of cervical intraepithelial neoplasia. Mar 45–51
Management of ovarian tumors of low malignant potential. Jun 45–58
Medicolegal consideration of operative endoscopy. Jul 55–62
The pathology connection: Talk to your "silent partner." Nov 17–24
Perioperative approach to the elderly gynecologic patient. Apr 86–94
Prevention, diagnosis, and management of ureteral injuries. May 73–84
Prophylactic surgery for ovarian cancer: What role does it play for women at increased risk? Oct 65–79
Shaken faith. May 16
Surgical staging in early ovarian carcinoma. Oct 57–61, 79–80
Transvaginal needle suspension for urinary stress incontinence. Sep 23–31
Use of serum CA-125 for monitoring and prognosticating outcome in patients with epithelial ovarian cancer. Mar 13–28
Syphilis, see Sexually transmitted diseases
Thyroid disorders
Don't ignore the thyroid. Sep 72
Thyroid diseases in the female patient. Oct 81–89
Thyroid hormone therapy in women. Jul 27–42
Transplantation, tissue
Raising hopes—and questions. Oct 103
Ultrasonography
Fetal vibroacoustic stimulation. May 63–71
Reaping the harvest of other fields. Apr 10–13
The ultrasonographically enhanced bimanual examination. Feb 60–67
Update on fetal assessment. Sep 75–88
Urinary tract disorders
Prevention, diagnosis, and management of ureteral injuries. May 73–84
Transvaginal needle suspension for urinary stress incontinence. Sep 23–31
Urinary tract infections in women. Jul 19–26, 48–50
Uterine disorders
Improving endometrial ablation therapy. Jun 89, 92, 100–104
Recurrent pregnancy loss. Aug 26–32
The riddle of prematurity. Apr 67–77
Vaginal disorders
Vulvovaginitis: A concise guide to office diagnosis and treatment. Aug 13–16, 52–57
Vitamins
Antioxidants and cancer prevention: Room for skepticism. Jul 44–48
I want my E, C, B! Apr 64
It's never too late or too early for calcium. Apr 64
Vulvar disorders
Vulvodynia: Not all in their heads. Jan 26–28
Vulvovaginitis: A concise guide to office diagnosis and treatment. Aug 13–16, 52–57
X-ray
Early screening for osteoporosis: Clinical and financial implications. Jan 46–64
